

# REFORM BY POPE

## Changes in Church Machinery Are Approved at Rome, Ending Old Abuses.

### REDISTRIBUTION OF WORK

#### VARIOUS TRIBUNALS MORE DISTINCTLY SEPARATED.

New York, July 15.—A cable to the Sun says: The pope's decree issued last Monday makes the most sweeping reform of modern times in the administrative machinery of the Roman Catholic church. Much of the complicated and obsolete bureaucracy which has grown up in the last two or three centuries is simplified or swept away.

The first part of the decree provides for a redistribution of work, especially by assigning to offices those most competent to deal with duties which have been allowed to accumulate elsewhere. To this end the decree particularly separates the legislative and disciplinary functions from the judicial, which in future will be relegated to the proper tribunals.

The second part of the decree lays down the procedure of these tribunals, which will comprehend in the future the Rota courts of first instance and appeal, and in the tribunal of apostolic signature a court of cassation. It also provides for the protection of the pope's rights.

The third part establishes rules for the appointment, promotion and salaries of all officials, secretaries and officers in the employment of the Holy See.

### Serious Reforms.

Enacting as it does serious reforms in the government of the church, the document may be regarded as an important prologue to the new code of the canon law. To understand more fully the changes made it must be remembered that the actual government of the church ever since the sixteenth century has been delegated by the pope to the congregations of cardinals. These correspond more or less to the ministries of modern states, an important difference being that the congregations possess legislative and judicial faculties. There have existed also certain tribunals such as the penitentiary, the rota and the apostolic signature, and offices for the dispatch of business, such as the chancery dattaria, the chamber-lit office and that of the secretary of state.

In the course of time this has led sometimes to confusion in regard to the work. This was particularly the case in the judicial functions assigned to the tribunals of the rota and the apostolic signature, with the result that a case might often pass through the courts of first instance, appeal and cassation and find the same judges in each. In future all contentious cases will be referred from the congregations and will be dealt with by the tribunals.

### Work of Congregations.

The work of the congregations themselves has also been redistributed in some respects. The congregation of the holy office (the inquisition) will only be concerned with the protection of the doctrine and the judgment of heretics. Questions of discipline, sacramental or other, are removed from its jurisdiction with the exception of the questions of marriages between Catholics and non-Catholics.

The consistorial congregation receives less power in the relation of bishops and the control of seminaries as well as of dioceses. Of this congregation and that of the holy office the pope still remains the prefect.

A new congregation of the propaganda loses its jurisdiction over England, Scotland, Ireland, Holland, Luxembourg, Canada, the United States and Newfoundland, which countries now enter into the common law of the church.

### Change of Jurisdiction.

The congregation of the council in addition to its present duties will be entrusted with the discipline of the secular clergy and lay, chapters, parishes, pious works and confraternities.

The announcement of the pope's decree has been received with widespread approval. The reforms are regarded as radical and complete. The Corriere d'Italia expresses the general sentiment of local Catholics when it says:

"Plus X enters at once into the ranks of reforming popes. He has proved how keen is his vision for the needs of the church, how unerring his judgment in the detection of weaknesses and how firm his resolution in applying a remedy. In his reforms he has invariably chosen the most direct path, with the result that he has succeeded in carrying out to universal satisfaction a task of vast magnitude where more timid reformers would only have complicated the numberless issues involved."

# CAPTURE TWO SUSPECTS

## Police Seize Alleged Members of a Gang of Thieves, With Quantity of Goods.

Frank Hutchinson, 22 years old, who claims to be a laborer, and James Lemoine, a cement worker, 25 years old, both of whom are alleged to be members of a gang of thieves whose operations have extended all over the city were captured last night by Detectives Sheets and Burt and Policemen Carlson, Price and Golding, after an exciting chase. During the afternoon the Western Poultry company notified police headquarters that two suspicious looking men were offering chickens for sale. The police immediately asked the poultry company to hold the men until an officer arrived, but the suspects became alarmed and hastened away. Policemen Carlson and Price, who had been working on the case, took up the trail and finally located Hutchinson in the house of Bertha Curtis at the corner of Sixth West and Seventh North streets. The Curtis woman denied that anyone was inside the house and demanded a warrant before admitting the officers. Policemen Price, while certain that the man was in the house decided to send for the patrol wagon. When the wagon arrived Policemen Carlson entered the house and discovered Hutchinson hiding in a closet on the second floor under a pile of rugs and linen. Lemoine was discovered in the house of Mrs. Jane Curtis at Twelfth West and Thirteenth North and surrendered without resistance.

A search of the house resulted in the discovery of a quantity of goods, which were a quantity of canned goods and a fifty-pound bucket of lard alleged to have been stolen from the Bennett grocery Eighth East and Eighth South streets on July 8; a washbowl and boiler alleged to have been stolen from the house of Mrs. J. M. Sullivan at 415 North Tenth West street July 12, and a quantity of soap alleged to have been stolen from George All Curtis at 26 Glendale street on the same date.

The officers are searching for other alleged members of the gang.

# NOT A TRUST.

St. Louis, Mo., July 15.—Circuit Judge Reynolds today declined to grant an injunction sought by Circuit Attorney Seger to prevent several local laundries from forming an alleged illegal combination. Judge Reynolds says that "steam laundry drying" is only a method of washing, and as there are other methods of washing soiled linen, the steam laundry companies are not effecting a combination in restraint of trade by agreeing upon a schedule of prices of work done.

# IN POLICE CIRCLES.

John Dokos, a Greek laborer, who has recently arrived in the city, brought his tale of woe to the police yesterday afternoon. He claimed that he had been robbed of \$125 by Mary Barrett and Mena Kingston, colored, of 47 Victoria alley. The women were arrested by Policemen H. D. Lyon, but the money was not recovered.

C. W. Townsend of Clinton, Ill., evidently mistook Park Keeper Henry Heath's residence for a casino, in Liberty park last night. He walked boldly into the house, seated himself upon a sofa and loudly demanded drink. He could not be convinced that he was not in a barroom and was finally removed by Policemen Griffiths. Townsend carried an Elks' card showing him to be a member in good standing in the Clinton lodge and was taken in charge by members of the local lodge. He also carried a ticket to Los Angeles and was safely placed on board the 11:15 train for that city.

Former Chief of Police Samuel Paul yesterday received a telegram from Acting Chief Roberts of Denver stating that the police say were stolen among which were a quantity of canned goods and a fifty-pound bucket of lard alleged to have been stolen from the Bennett grocery Eighth East and Eighth South streets on July 8; a washbowl and boiler alleged to have been stolen from the house of Mrs. J. M. Sullivan at 415 North Tenth West street July 12, and a quantity of soap alleged to have been stolen from George All Curtis at 26 Glendale street on the same date.

The officers are searching for other alleged members of the gang.

# CAMPAIGN TO OPEN IN WEST

## Next Monday Chairman Hitchcock Will Appear in Colorado.

Washington, July 15.—Chairman Frank H. Hitchcock of the Republican national committee will open the campaign of 1908 in the far west. Practically the first movement in the campaign will be at Colorado Springs, Colo., next Monday and Tuesday. At that time in the Antlers hotel at Colorado Springs Chairman Hitchcock will hold a conference with Republican leaders of all the states and territories west of the Missouri river. Represented at the conference will be North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Montana, Wyoming, Colorado, New Mexico, Idaho, Utah, Arizona, Nevada, Washington, Oregon and California.

The Republican chairman and their national committeemen of these states and territories have been invited by Chairman Hitchcock to attend the conference and all of them have notified him of their intention to be present.

It is the purpose of Mr. Hitchcock, in the bringing together of the Republican leaders of the west to consider plans for the campaign in that territory. It is his desire that the leaders should become acquainted with one another, so that each one should feel that he has a part to perform, not only in the campaign in the west, but in the formation of plans for it, and that there should be co-operative effort among all of them to bring about a general result.

At the Colorado Springs conference careful plans will be mapped out for the campaign in the west; methods will be discussed, and speakers for the various states arranged for so far as may be possible.

# BAIL DENIED.

Los Angeles, Cal., July 15.—United States District Judge Wellborn today denied the application for bail of Ricardo Flores Magon, Antonio Villarreal and J. You are sure to get a pat.

So why should you get the mitten

When you say she is a cat?

But you do.

If you say a girl's a vision,

So there should be no collision

When you say she is a sight.

But there is.

He asks you in to sup.

Why should it set his wrath agog

When you say he is a pup?

But it does.

# WOES OF A LONE WOMAN.

Mrs. DeCourcy of Spokane Tells a Story of Series of Robberies.

Mrs. D. R. DeCourcy of Spokane, Wash., is in Ogden, and by necessity will be forced to remain in the city until assistance comes to her. According to her story she has had a peck of trouble lately. She says that while on her way back to her home from Denver she stopped off at Colorado Springs for several hours, and in leaving her hotel there she forgot her pocketbook which she left lying on the bed in her room. This she asserts contained \$50 in currency, a draft for \$120 and jewelry valued at \$100. The conductor on the train over the Rio Grande on which she traveled sent a message back to the hotel about the valuables, but as yet no satisfactory reply has been received.

She arrived at Salt Lake on Tuesday and went to the Cullen hotel, and while awaiting telegrams from Colorado regarding the missing money and valuables visited Saltair. During the trip to that resort she asserts she lost her ticket home. She did not miss the transportation until she had boarded the train for Spokane, and being without funds she had to leave the train at Ogden, where she will remain until aid comes to her.

# YOUTH WAS PROVIDED.

Nevada Boy Has Father's Written Consent to Marriage.

County Clerk David Mattson received a letter a year ago from J. C. Lee of Tecoma, Nev., in which the county clerk was warned not to issue a marriage license to his minor son, Cosmo F. Lee. Yesterday Cosmo appeared at the clerk's office with Miss Belle Carr, also of Tecoma, and made application for a license to marry. Before the clerk had an opportunity to question him the young man pulled out the written consent of his father and mother. With the understanding that the wedding would be postponed until the parents' consent was sworn to be fore a notary public, the license was issued.

The land is located on Twenty-second street, near Jackson avenue. The gift has been accepted. In addition, Mrs. Topham has offered to head a building fund list with a substantial sum.

# Wife Sues Thomas Haley.

The marital troubles of Emma and Thomas Haley were doubly aired yesterday. In the morning Haley was before Judge Murphy in the city court. He was arrested the night previous after he had quarreled with Mrs. Haley because she had loaned some silverware to a neighbor. Haley was meek when his case was called in court and pleaded every way he knew how for his release. He promised that if she would forgive him they would live the happiest two on the earth. Haley was allowed to go on suspended sentence.

The Haley's were married in Salt Lake City, Oct. 5, 1907, according to Mrs. Haley's allegations in the divorce complaint filed later in the day. She charges her husband with cruel and inhuman treatment. Mrs. Haley says that they are joint owners of the house at 24 Haley avenue, which is approximately valued at \$2,500, and that he is employed by the Southern Pacific at a salary of \$3 a month. She asks for the court to distribute the property and that she be given permanent alimony in addition to a divorce.

# MAIL CLERK'S DEATH.

Frank O. Bucher, a railway mail clerk, was found unconscious on the floor of his home, 349 Adams avenue, early yesterday morning, and died late in the afternoon. The death is said to have been due to uremic poisoning and an overdose of morphine, which it is believed was taken to make him sleep.

Bucher was 31 years of age, and leaves a widow and a 3-year-old son.

The theory of the physicians is that after returning from work he was unable to sleep and took a dose of morphine to aid him in doing so. He had suffered for two years with kidney trouble. In some way he swallowed too much of the drug, with fatal results.

# Alleged Detective Arrested.

Armed with a gun, a pair of handcuffs and a belt full of cartridges, W. S. West was arrested by Officer Conney late last evening on a charge of carrying concealed weapons. West claimed he was a detective and was looking for a man who had committed murder in the middle west, and whom he had chased to Ogden. He asserted that he has a wife and family living here. The police believe the fellow's mind is affected.
